Flatbed	1070 x 505 x 1190					

Toptruck - Folding Foot Stairclimber _____

A sack truck designed to climb stairs and pavement due to its tri-star wheel design.

- Supplied with rubber cushioned wheels
- Tubular steel frame construction
- Folding foot toeplate
- Wheels fitted with steel hubs
- Not designed for tight turning circles
- Powder coated in blue

Product Description	H x W x D (mm)	Wheels (Ømm)	Toeplate W x D (mm)	Order Ref	Capacity (kg)	Price (Each)
Folding Foot Stairclimber	1150 x 605 x 765	6 x 160	365 x 365	FFS	120	£92.30

Toptruck - Extendable Trolley _____

This smart trolley can adapt to various load sizes as the overall base length can easily be extended.

- Aluminium framed
- Collapses fully for compact storage
- Fitted with a telescopic handle
- Moulded plastic corner buffers for added protection

Product Description	H x W x D (mm)	Wheels (Ømm)	Order Ref	Capacity (kg)	Price (Each)
Fully Extended	825 x 430 x 710	100	MPT100	100	£69.36
Collapsed	235 x 430 x 510				

Toptruck - 1 Tier Platform Truck _____

This truck is ideal for use in shops, offices, schools and warehouses.

- The base is manufactured in wipe clean reinforced injection moulded plastic
- Epoxy powder coated steel foldable handle
- Fitted with nylon wheels (two fixed, two swivel)

Product Description	H x W x D (mm)	Folded Height (mm)	Wheels (Ømm)	Order Ref	Capacity (kg)	Price (Each)
1 Tier Platform Truck	820 x 500 x 800	160	100	PPT200	200	£96.61

Toptruck - Folding Flatbed Trolleys

A sturdy range of highly manouvreable steel trolleys suitable for transporting various goods. Ideal for indoor and outdoor use.

- Folds flat for compact storage
- Fitted with non-slip rubber platforms and scuff resistant corners
- Fitted with non-marking wheels (two fixed, two swivel)

Pallet Trucks

- Long life nylon or polyurethane rollers
- Long life nylon or polyurethane steer wheels
- 3 position trigger
- Full bushing in key areas
- Greasing points
- Overload/Pressure relief valve
- Sealed Bearings
- Self Lubricating bushes
- Sealed hydraulics
- Exit/Entry rollers
- Conforms to BSEN1757-2:2001
- Lowered Fork Height - 85mm
- Raised Fork Height - 200mm
- Individual Fork Dimensions - 160 x 50mm
- Steering Wheel Dimensions - 200 x 50mm
- TNN = Tandem Roller Dimensions 80 x 70mm
- SNN = Single Roller Dimensions 80 x 93mm

WARRIOR Manual High Lift Pallet Truck

Our Manual High Lift Pallet Truck is ideal for heavy duty applications as a combined pallet truck and lift table.

The truck lifts by pumping the steering handle and lowers by pulling the hand trigger, allowing for easy lowering even under maximum load.

- Lift height 800mm
- Lowered height 85mm
- Quicklift below 250Kg
- Adjustable stabilisers

Product Description	Capacity (Kg)	Fork Dimension (mm)	Individual Fork Dimensions (mm)	Fork Roller Dimensions (mm)	Steer Wheel Dimensions (mm)	Order Ref	Price (Each)
Warrior High Lift Pallet Truck	1000	1170 x 540	160 x 50	75 x 50	180 x 50	WR10540	£583.00
Warrior High Lift Pallet Truck	1000	1170 x 680	160 x 50	75 x 50	180 x 50	WR10680	£660.23

WARRIOR Electric High Lift Pallet Truck

Our Electric High Lift Pallet Truck are suitable for use with open bottom euro pallets and stillages (will not work with full perimeter board pallets) and reduces the physical effort needed by operators and considerably improves the ergonomic conditions at work stations by raising the trucks to the desired height preventing bending and stooping.

- Lift height 800mm
- Lowered height 85mm
- Manual operation included
- Adjustable stabilisers
- Battery and charger included
- 0.8Kw Lifting Motor
- 12v/60Ah Battery
- Fork Dimensions 160 x 50mm
- Fork Roller /Dimensions 75 x 55mm
- Fork Length 1170mm
- Steer Wheel Dimensions 180 x 55mm

WARRIOR MiniStacker

Our Ministackers are excellent for the everyday light duty work area where loads to be lifted far exceed “the manual handling directive” but do not demand a heavy duty industrial stacker. With a capacity of 400Kg and 3 lift height options the ministackers are suitable for many internal jobs.

- Smooth operating foot pump
- Position lifting
- Pressure/overload valve
- Smart chromium plated frame
- Powder coated platform
- Smooth running braked steer wheels
- Very manoeuvrable
- CE marked and supplied with certificate of conformity

Lift Tables

WARRIOR Manual Mobile Lift Tables

Our comprehensive range of mobile lift tables are manufactured to withstand the most arduous working environments normally associated with industrial applications.

- 9 models
- Robust and reliable
- High quality hydraulics with a positive feel
- Foot operated lift
- Infinitely controlled lower
- Foot brakes fitted to swivel castors
- Conforms to BSEN1570-4

Cylinder Handling

A range of storage and handling solutions for the safekeeping and movement of gas cylinders around your premises. All trolleys are of tubular steel construction powder coated in blue with a pierced base plate to help disperse condensation. Trolleys and wall brackets are fitted with a galvanised chain to hold cylinders securely. All rear wheel models are fitted with 100mm diameter swivel blue vulcanised rubber castors, which offers low rolling resistance, meaning they are easy to manoeuvre, are non marking and are a soft yet highly durable compound.

Drum Handling

WARRIOR Drum Porter

Easy to use, lifts the drum hydraulically off the floor for transportation and smoothly lowers it via a spring return knob.

The simple but very effective Drum Porter makes light work when moving 205 Litre steel drums around.

Product Description	Capacity (Kg)	Lifting Height (mm)	Lifting per stroke (mm)	Max Drum Diameter (mm)	Max Drum Length (mm)	Max Height in Lowered Position (mm)	Max Height in Raised Position (mm)	Length (mm)	Width (mm)	Net Weight (Kg)	Order Ref	Price (Each)
Drum Porter	250	345	22	572	915	1000	1215	810	780	42Kg	WRDT250	£490.63

WARRIOR Drum Porter With Wide Straddle

This drum porter has a wide straddle and is designed to enable the unit to lift 205 litre drums from euro pallets (800mm wide).

The Drum Porter is easy to manoeuvre and comes with large polyurethane wheels and is fitted with brake.

Product Description	Capacity (Kg)	Lifting Height (mm)	Lifting per Stroke (mm)	Max Drum Diameter (mm)	Inside Straddle (mm)	Outside O/A Straddle (mm)	Order Ref	Price (Each)
Drum porter (Straddle)	250	345	22	572	850	1015	WRDTW250	£534.54

WARRIOR Drum Porter Override

Our Drum Porter Override has a wide straddle and a cantilevered frame which allows it to pass over a 800mm max. wide pallet allowing drums to be manoeuvred both on and off with ease.

The Drum Porter is easy to manoeuvre and comes with large polyurethane wheels.

Having a combination of wide straddle and cantilevered chassis also enables this Drum Porter to lift drums from corners of spillage containment units.

Product Description	Capacity (Kg)	Max Drum Height (mm)	Min Drum height (mm)	Drum Diameter (mm)	Inside Straddle (mm)	Outside O/A Straddle (mm)	Order Ref	Price (Each)
Drum Porter Override	250	1180	910	572	850	980	WRDTR250	£605.71

12 months ON SITE parts & labour warranty

WARRIOR Drum Porter Plus

The Drum Porter plus will handle 140 or 205 litre drums on and off bound pallets as well as regular pallets

Product Description	Capacity (Kg)	Lifting Height (mm)	Lifting per stroke (mm)	Max Drum Diameter (mm)	Max Drum Length (mm)	Max Height in Lowered Position (mm)	Max Height in Raised Position (mm)	Length (mm)	Width (mm)	Net Weight (Kg)	Order Ref	Price (Each)
Drum Porter Plus	450	500	12	572	915	1250	1380	900	1020	165	WRDTF450	£1,371.94

WARRIOR Drum Positioner

Our Drum Positioner is a versatile drum stacker as it allows the operator to attach the 205 litre drum, lift, rotate and discharge the content safely at height.

Lift is performed hydraulically by handle and pedal rotation mechanically via a hand wheel. Drum rollback is prevented by 30:1 ratio transfer box.

The Drum Positioner will allow stacking of drums up to a maximum height of 1350mm. Due to the design of the jaw mechanism it is possible to release the drum when safely in the horizontal position.

Rotation can be locked in both vertical and horizontal.

Product Description	Capacity (Kg)	Overall Lifting Height (to underside 210ltr drum) (mm)	Overall Height (mm)	Overall Width (mm)	Overall Length (mm)	Inside Straddle (mm)	Overall Leg Height (mm)	Net Weight (mm)	Order Ref	Price (Each)
Drum Positioner	400	1350	1960	906	1325	700	150	190Kg	WRDTPL40	£1,924.66

12 months ON SITE parts & labour warranty

WARRIOR Gator Grip Forklift Drum Grab _____

- Carry one or two drums by automatic grip lock, maintains a positive grip over rough floor surface
- The grip head has different positions to fit different heights
- Easily operated, extremely secure

Product Description	Capacity (Kg)	Drum Size (Gallon)	Fork Opening	Overall Size (mm)	Packing Size (mm)	Net. Weight (Kg)	Order Ref	Price (Each)
Gator Forklift Drumgrab Single Steel Drum	360	55	560	830 x 710 x 100	900 x 710 x 490	60	WRDG360A	£716.26
Gator Forklift Drumgrab Double Steel Drum	720	55 x2	605	1030 x 850 x 1000	900 x 790 x 500	96	WRDG720A	£829.83

WARRIOR Automatic Drum Clamps for Fork Lift Trucks _____

Our Automatic Drum Clamps fit quickly and easily onto the forks and secured via hand screws. Once fitted, the drum clamp will automatically pick up, transport and deposit drums without the driver needing to leave the truck. The drums are held in position by using their own weight to tighten the arms. When deposited the arms of the clamp simply slide away from the drum. Available for Steel 205 ltr Drums in either single or double drum configuration and now the WRDG50 for single Plastic Drums.

Product Description	Fork Pocket Size (W x H mm)	Fork Pocket Length (mm)	Order Ref	Price (Each)
Drum Grab Fork Mounted Single Plastic Drum	50 x 140	245	WRDG50	£339.20
Drum Grab Fork Mounted Single Steel Drum	50 x 140	245	WRDG10	£419.46
Drum Grab Fork Mounted Double Steel Drum	50 x 140	245	WRDG20	£566.34

12 months ON SITE parts & labour warranty

WARRIOR Fork Mounted Drum Tippler

- For 205 Litre steel drums
- For tipping, pouring etc
- Converts your fork lift truck into a drum handler
- The 10m pull-chain loop allows control from the driver's seat
- It has 30:1 ratio gear box preventing gravity roll

Product Description	Capacity (Kg)	Fork Pocket Size (mm)	Overall Width (mm)	Distance Between Fork Pockets (mm)	Order Ref	Price (Each)
Fork Mounted Drum Tipper	680	65 x 180	980	620	WRHK285B	£1,200.83

WARRIOR Forklift Maintenance Platform

- For overhead access and maintenance with safety
- Spring loaded inward opening door with safety latch for safe entry
- Unit is secured to the fork with heel pins and chain
- Slip-resistant floor with drainage holes
- Conforms to health and safety guidance note issue 3 PM28 and GN48 standard
- Less storage space, portable and easy to assemble
- Fitted with personal guard and castors for easy manoeuvrability

Spillkits

Spill Kits offer an effective and immediate response to a broad variety of spills, from common fluids and oils to chemicals and even hazardous liquids that can be detrimentally damaging to the environment. Having Spill Kits on site is highly beneficial in the event of a spill and they allow the user to efficiently and successfully clean up spills. Within our range of spill kits we offer maintenance, oil and chemical spill kits which all contain a variety of items depending on the spill kit. Items included in the spill kits are absorbent socks, pads and pillows, gloves, disposable bags and ties, caution tape and spill kit instructions.

- **Maintenance (M):** For indoor use to contain and absorb non aggressive liquids and chemicals whether oil or water based. Grey in colour.
- **Oil Selective (O):** For all external uses where oil needs to be absorbed without saturating the absorbent with water. Highly absorbent of oils and fuels and repellent of water. White in colour.
- **Universal Chemical (U):** For use with aggressive chemicals. Yellow in colour.

Handy Bag Spill Kit

Containment of Oil Leaks from Machinery on Site

Construction and outdoor machinery service sites are vulnerable to causing pollution from oil leaks and spills running off into groundwater or nearby watercourses. Best practise requires secondary containment of such plant and equipment.

Plant Nappies and Liners:

- Containment of oil spills
- Self Draining with rainwater filtered to discharge clean water only
- Super absorbent oil selective pads to absorb oil and fuel spills only
- Mobile, portable, hardwearing bunds
- Replaceable oil selective pads

Stickers

A range of stickers are available for use with our range of wheeled bins (please enquire).

Wheeled Bin vinyl stickers are offered in letters and numbers and are self adhesive and weatherproof.

Wheelie Bin Recycle Stickers available in 5 different designs

SpillKart

Our SpillKart is ideal for taking spill control essentials directly to the scene, providing a quick and very efficient solution for controlling any accidental spillages.

- 60 litre general purpose spill kit included.
- Manufactured from high density plastic to ensure maximum durability.
- Storage capacity of up to 75 litres.
- Rubber seal around the lid to prevent water intrusion.
- Padlockable hasp and staple locking mechanism.
- Shatterproof wheels for easy manoeuvrability.

Product Description	H x W x D (mm)	Capacity (Litres)	Weight (Kg)	Order Ref	Price (Each)
SpillKart	1080 x 590 x 400	75	15	SK2	£191.43

GritKart

Our GritKart is the perfect solution for moving salt or grit to any icy location. It is a very efficient way of maintaining good working conditions during adverse weather.

- Manufactured from high density plastic to ensure maximum durability.
- Storage capacity of up to 75 litres.
- Rubber seal around the lid to prevent water intrusion.
- Padlockable hasp and staple locking mechanism.
- Helps prevent wastage, theft or misuse of salt or grit.
- Shatterproof wheels for easy manoeuvrability.

Skips

Designed for long, hard service, these skips offer a durable low maintenance solution to managing waste. The one-way skips tilt vertically while the three-way skips lift from the rear or either side so that they can be easily emptied. Their robust steel construction ensures they can manage the heaviest of loads. The self-tipping forklift skips are available in seven standard colours: white, black, red, green, yellow, blue and orange.

IMPORTANT: The total weight of the skip plus load should not exceed 50% of fork truck rating.

- Tips forwards or to either side
- Self-latching return mechanism
- Robust fork guides
- Lighter models supplied with heavy-duty castors

Heavy Duty Skip

- Self latching return mechanism
- With castors ATS-3W & 1W 025 & 050
- Without castors ATS-1W-100 & larger

Eco Skip

- Designed for lighter waste materials
- Castors are an optional extra

Mini Skip

- A compact skip for use in confined areas
- Castors as standard

Waste Management Bins

This range of waste management bins are equipped to efficiently sort, store and manage industrial waste. The bins are manufactured with a drop-bottom base so that they can be easily emptied, while heavy-duty castors enable easy mobility. The waste management bins are available in seven standard colours - white, black, red, green, yellow, blue and orange.

Tidy Bin

Enclosed tidy bin for effective waste management.

- Drop-Bottom base
- Robust fork guides
- Heavy-Duty castors
- Self-latching return mechanism
- Available with two compartments (ATB/2)

Machinery Moving Equipment

Heavy Duty Skate Kit

This complete kit is designed to enable the safe and easy movement of bulky loads for up to 20 tons in any direction.

- Can be used as single or multiple units.
- Moving speed not to exceed 5m/min.
- Minimum turning circle is 3m.
- Supplied in a robust steel carry case.
- Roller dimensions: W 51 x 17mmØ.
- 94mm skate height with turntable attached.

Kit supplied complete with:

No.	Description	Qty
1	Roller Skates	4
2	Link Up Bars	2
3	Turntables	2
4	Stabilizers	2
5	Steering Handle	2
6	Handle for Steel Case	1
7	Steel Case	1

Product Description	L X W X H (mm)	Order Ref	Capacity (Tonnes)	Price (Each)
Heavy Duty Machinery Skate Kit	1030 x 205 x 175	HDMSK	20	£695.00

Roller Skate Kit

Roller skates are designed to move heavy equipment and machinery.

- Supplied in a set of 4.
- Movement enabled by the action of an endless hardened roller chain revolving around the centre member of the skate casting body.
- At any one time, a minimum of 5 rollers are touching the floor ensuring smooth travel over cracked concrete or uneven floors.

Product Description	L X W X H (mm)	Order Ref	Capacity (Tonnes)	Price (Each)
Roller Skate Kit	206 x 100 x 77	RSK10	10	£345.00

Roller Crowbar

This product provides leverage when lifting heavy items/machinery/equipment and can be used with the HDMSK or RSK10.

- Roller dimensions: W 54 x 70mmØ.
- Single piece forged steel.
- Very safe to use in all industrial areas.
- Eliminates the need to use loose tubes or bars beneath equipment to be moved.

Product Description	L (mm)	Order Ref	Capacity (Tonnes)	Price (Each)
Roller Crowbar	2000	RCK5	5	£265.00

Cable Dispensing

Toprax - Adjustable Cable Rack

- Used for storing and dispensing reels of wire/cable.
- Supplied with 4 fully adjustable hanging rails (Ø 31.75 x L 818mm - actual hanging length).
- Powder coated finish in blue & silver/grey.
- A clip together system with no tools required.
- Extension fitting kits are available and must be used if creating a double height rack by stacking two racks (020434) together.

Description	H x W x D(mm)	Order Ref	Price (Each)
Cable Rack	983 x 942 x 328	020434	£185.42
Extension Fitting Kit	-	020162K	£30.06

Bench Top Cable Dispensers

This handy cable dispenser provides a practical and economic way to store and dispense a wide range of wire/cables. Its compact size makes it ideal for bench top mounting and where space is at a premium, can be used with a capacity range upto 350mm diameter reels.

- Robust construction fully welded tubular steel frames, epoxy coated for greater durability.

Floor Mounted Cable Reel Stand

A light weight yet robust unit, which can ease cable handling problems, frequently encountered during installation work.

Once the cable has been placed on the stand, it is free to rotate during unreeling, but it is retained in position to maintain stability.

The stand has two adjustable full width rollers to accommodate a range of cable reel/drum sizes. For larger heavier drums, two stands can be used, one under each drum flange.
