

key features

A comprehensive range of trade battery chargers, a machine to meet any requirement from small garage to professional, heavy duty use.
All are covered by a full 12 month warranty

03941 **Chargestar 8 Automatic**

trade level ★★

- Adjusts to battery condition and can extend battery life
- Full LED analogue display
- Automatic cut-off and recharge
- No fuse to change
- **12v charging voltage**
- 4amp maximum charging current

13 AMP SUPPLY

ITEM NO.	03941
Supply	230v (13amp)
Charging Voltage	12v
Charge Rate Settings	1
Max. Rated Current Output	4amp
Rated Battery Capacity	10Ah to 40Ah
Net Weight	1.5kg
Gross Weight	1.9kg
Packaged Dimensions (HxWxL)	100 x 175 x 185mm
Barcode Number	5012713039418

03943 **Chargestar 11 Automatic**

trade level ★★

- Adjusts to battery condition and can extend battery life
- Full LED analogue display
- Automatic cut-off and recharge
- No fuse to change
- **6v/12v charging voltage**
- 5amp maximum charging current

13 AMP SUPPLY

ITEM NO.	03943
Supply	230v (13amp)
Charging Voltage/s	6v / 12v
Charge Rate Settings	1
Max. Rated Current Output	5amp
Rated Battery Capacity	10Ah to 50Ah
Net Weight	2kg
Gross Weight	2.32kg
Packaged Dimensions (HxWxL)	125 x 225 x 235mm
Barcode Number	5012713039432

03947 **Chargestar 21 Automatic**

trade level ★★

- Adjusts to battery condition and can extend battery life
- Full LED analogue display
- Automatic cut-off and recharge
- No fuse to change
- **6v/12v charging voltage**
- 12amp maximum charging current
- 2 charge rate settings

13 AMP SUPPLY

ITEM NO.	03947
Supply	230v (13amp)
Charging Voltage/s	6v / 12v
Charge Rate Settings	2
Max. Rated Current Output - Slow	2amp
Max. Rated Current Output - Fast	12amp
Rated Battery Capacity	10Ah to 120Ah
Net Weight	3kg
Gross Weight	3.82kg
Packaged Dimensions (HxWxL)	150 x 240 x 250mm
Barcode Number	5012713039470

BATTERY CHARGERS

03945 **Chargestar Smart 16 Automatic**

trade level ★★

- Smart digital charger for regular, GEL or AGM batteries
- Automatic unit with auto-voltage detection
- 6v/12v charging voltages
- 10amp maximum charging current
- 2 charge rate settings

13 AMP SUPPLY

ITEM NO.	03945
Supply	230v (13amp)
Charging Voltage/s	6v / 12v
Charge Rate Settings	2
Max. Rated Current Output - Slow	2amp
Max. Rated Current Output - Fast	6.5amp
Rated Battery Capacity	4Ah to 100Ah
Net Weight	3kg
Gross Weight	3.66kg
Packaged Dimensions (HxWxL)	150 x 240 x 265mm
Barcode Number	5012713039456

05284 **Chargestar T26**

trade level ★★

- 12v/24v charging voltages
- 20amp (12v) / 12amp (24v) maximum charging current
- 2 charge rate settings

13 AMP SUPPLY

ITEM NO.	05284
Supply	230v (13amp)
Charging Voltage/s	12v / 24v
Charge Rate Settings	2
Max. Rated Current Output - 12v	20amp
Max. Rated Current Output - 24v	12amp
Min. Rated Battery Capacity - 12v	30Ah
Min. Rated Battery Capacity - 24v	20Ah
Degree of Protection	IP20
Net Weight	6.5kg
Gross Weight	7kg
Packaged Dimensions (HxWxL)	320 x 250 x 250mm
Barcode Number	5012713052844

05286 **Chargestar T45**

trade level ★★

- 12v/24v charging voltages
- 45amp maximum charging current
- 2 charge rate settings

13 AMP SUPPLY

ITEM NO.	05286
Supply	230v (13amp)
Charging Voltage/s	12v / 24v
Charge Rate Settings	2
Max. Rated Current Output - 12v	45amp
Max. Rated Current Output - 24v	45amp
Min. Rated Battery Capacity - 12v	30Ah
Min. Rated Battery Capacity - 24v	30Ah
Degree of Protection	IP20
Net Weight	11.5kg
Gross Weight	12kg
Packaged Dimensions (HxWxL)	290 x 290 x 370mm
Barcode Number	5012713052868

key features

A comprehensive range of professional battery chargers, made in the EU. These are powerful, reliable and portable.

Perfect for use in garages and workshops.

- Heavy duty charge leads and crocodile clips
- Reverse polarity protection

05530 **Chargestar P24**

professional level **★★★**

Reliable, professional battery charger - perfect for all garages and workshops.

- Reverse polarity protection
- Ammeter clearly and accurately indicates charging levels
- 2 charge rate levels - for fast and slow charging

13 AMP SUPPLY

ITEM NO.	05530
Supply	230v (13amp)
Charging Voltage/s	12v / 24v
Max. Rated Battery Capacity	85Ah
Rated Output	85amps
Max. Rated Output	12.5amps
Charge Rate Settings	2
Degree of Protection	IP20
Insulation Class	Class F
Weight	5.38kg
Packaged Dimensions (HxWxL)	215 x 265 x 300mm
Barcode Number	5012713055302

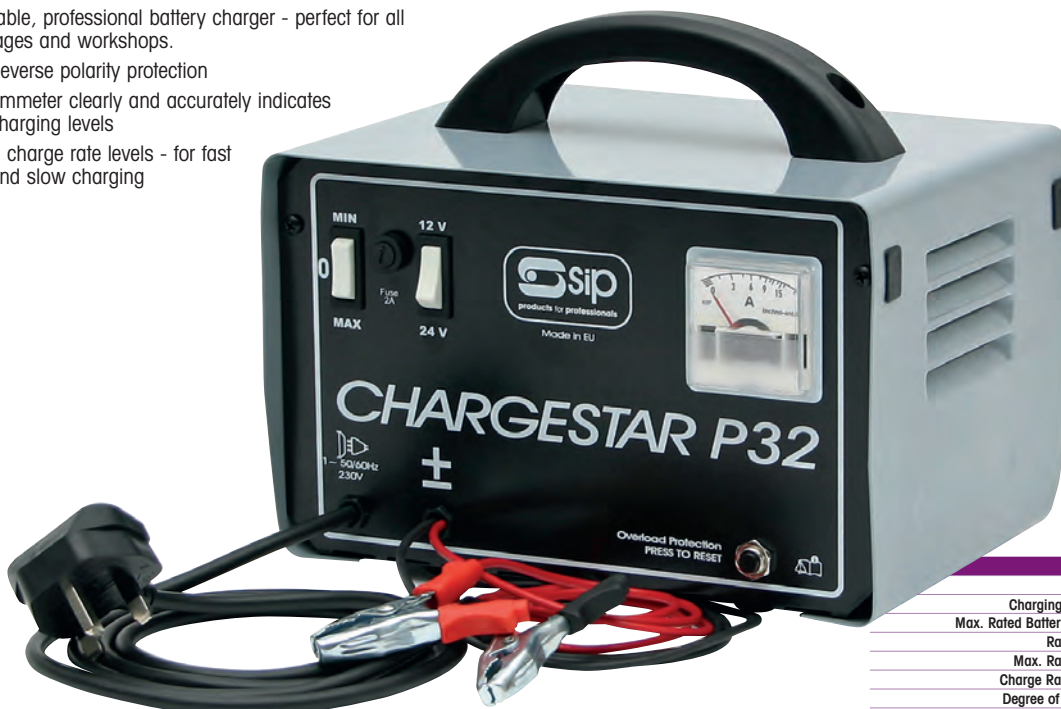

Made in Italy

05531 **Chargestar P32**

professional level **★★★**

Reliable, professional battery charger - perfect for all garages and workshops.

- Reverse polarity protection
- Ammeter clearly and accurately indicates charging levels
- 2 charge rate levels - for fast and slow charging

13 AMP SUPPLY

ITEM NO.	05531
Supply	230v (13amp)
Charging Voltage/s	12v / 24v
Max. Rated Battery Capacity	110Ah
Rated Output	11amps
Max. Rated Output	16amps
Charge Rate Settings	2
Degree of Protection	IP20
Insulation Class	Class F
Weight	7.12kg
Packaged Dimensions (HxWxL)	215 x 265 x 300mm
Barcode Numbers	5012713055319

Made in Italy
