

SILENCED INDUSTRIAL Compressors

key features

Presenting our range of fantastic silenced piston compressors, designed to give you powerful performance but with the fraction of the noise associated with standard piston compressors. These Italian made compressors are an excellent addition to any workshop where the installation requires close placement to the workspace.

- For large air volume requirements with the lowest possible noise levels.
- Extra quiet - *only 64dB(A)*
- Heavy duty 2 stage piston pump for optimum performance and reliability
