

# Securistore - High Security Cabinets

These high security cabinets provide a convenient storage solution for a wide variety of valuable items either in the office or at home.

- Manufactured from 1.5mm thick folded steel sheet with a durable green epoxy-polyester coated finish and vents in the top and bottom of the sidewalls.
- Hardened, 7 lever, anti-pick locks are provided on single door cabinets. In addition, slam locks are fitted to double door cabinets.
- Wrap around welded construction severely restricts leverage with jemmyes or screwdrivers.
- The cabinets can be secured to floors or walls through pre-drilled holes in back and bottom.

Ventilation top and bottom in side walls.
