Kenilworth

The Kenilworth is an attractive, curved cycle shelter, popular with schools and colleges and offers floor to roof level protection from the prevailing elements.

This is a tough, robust structure with vandal resistant features.

- Zinc coated with powder coated finish in any RAL colour - also available fully galvanised.
- Leg frame can either be bolted to the floor or grouted into the ground. Ground fixing option supplied as standard.
- Designed for use with our Sheffield and Harrogate loops and racks. Please call our sales team for details.
- Initial shelters can be linked side by side to form longer runs.
- The Kenilworth is also available as a cycle compound, with or without security gates and has a no crawl under perimeter for added security.
- Parabolts for surface mounting included. Must be bolted to 250mm thick concrete pad for stability.
