

## Medium Duty Workbenches

Our hollow section Medium Duty Benches are constructed from square section steel, all joints are welded and each leg has an adjustable foot which enables the bench to be firmly seated on an uneven floor without rocking. Supplied ready to unpack and use no assembly required.

These medium duty benches are ideal for the assembly of small components especially for the electronics industry or are equally useful as packing benches. Normal height 840mm other heights available at no extra cost.

Choose from a range of different worktops - Laminate or MDF (with rounded edges), also available with steel, vinyl or anti static laminate worktop.
